

## Uploading work to Purple Mash

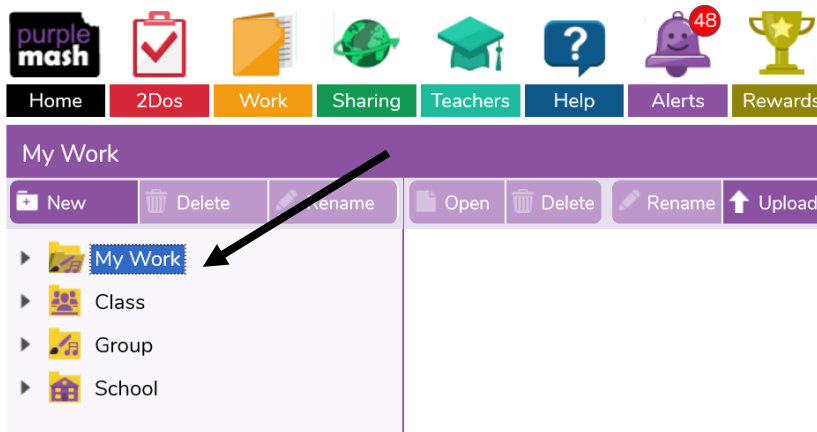

Click on 'Work'

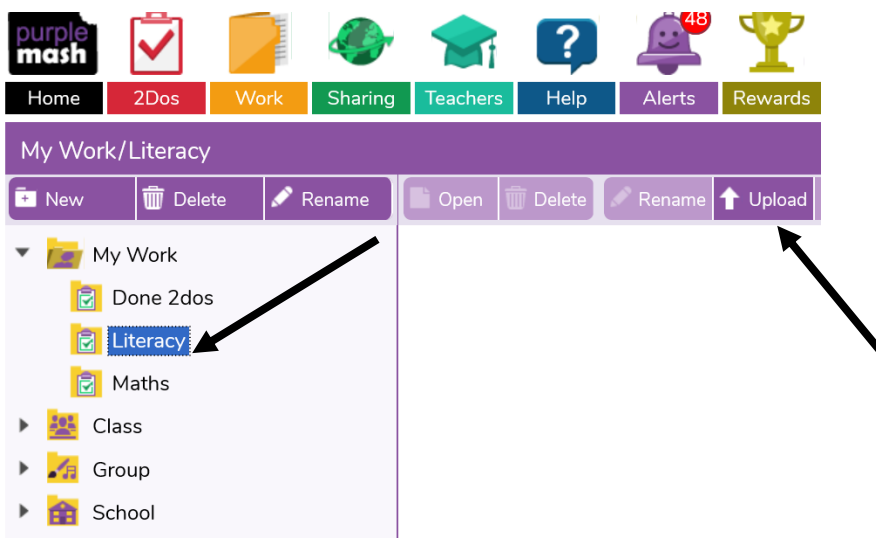

The final task that has been set can be done on the computer using Microsoft Word or another program. If you would prefer to handwrite your work, you could take a picture of it and upload it to Purple Mash in the same way. If you have any problems, please let us know on the blog.

We look forward to seeing your work!

Click on 'My Work'

Select the right folder for your work – Maths or Literacy and then click upload.

Click on the box to browse your computer to find the document you want to upload.
