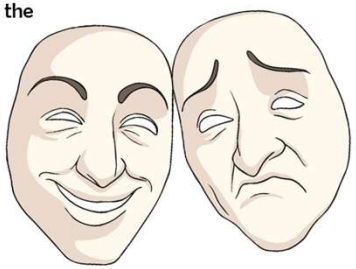
Year 5 Writing Homework ‘SHOW NOT TELL’ Return by Friday February 6th

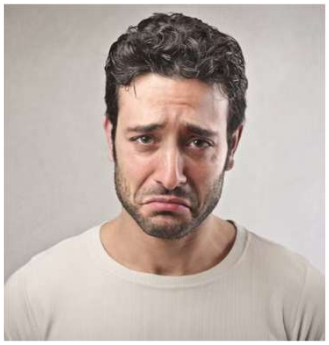
Show don’t tell!

This is a technique that writers use to create a clear picture in the reader’s mind.



Writers show how the character is feeling through their actions rather than simply telling them.

It gives the reader clues and allows them to come to their own conclusions.

It makes the story much more interesting and allows the reader to fully understand how a character feels.


Decide how the people below are feeling. Write ‘Show NOT Tell’ sentences to describe this.
