

# Hi-Tech Christmas Time

**Verse 1** Things round here are changing fast,  
The old place ain't the same.  
We can't get stuck there in the past,  
We've had to up our game.  
We're logged onto the internet  
And boy, it's lots of fun,  
But having Facebook means we get  
Very little done!  
We're trying hard to keep up  
With the modern world.  
So we've all gone.....

**Chorus** *Hi-tech here at the North Pole,  
Everything's fine now we're on line.  
We've set our sights on megabytes,  
To have a hi-tech Christmas time!*

**Verse 2** Saws and chisels are packed away  
Along with paint and glue.  
The workshop tools have had their day,  
They've nothing left to do.  
Cause now we've got the World Wide Web,  
It takes no time at all  
To fill our basket then checkout -  
We're really on the ball!  
We're trying hard to keep up  
With the modern world.  
So we've all gone.....

**Chorus** *Hi-tech here at the North Pole....*

**Repeat Chorus**

**Repeat** *Hi-tech Christmas time!*

# Gimme, Gimme, Gimme!

**Verse 1**      Christmas is for presents,  
A chance that can't be missed!  
We'd better get in early  
And start our Christmas list!  
Watching every advert  
To get a good idea  
Of all the lovely goodies  
We'll be asking for this year.

**Chorus**      *Gimme, gimme, gimme,  
'Cause we want it all!  
You don't really want to see us  
Holler and bawl, so  
Gimme, gimme, gimme,  
We're good girls and boys!  
Fill up all our stockings,  
Bring on those games and toys!*

**Verse 2**      A hover-board's a 'must-have',  
A trendy way to skate,  
Along with other gadgets,  
Which must be up to date.  
Latest phones and tablets  
Are things that we request,  
A cool new pair of trainers  
So we're sure to look our best.

**Chorus**      *Gimme, gimme, gimme.....*

**Verse 3**      When mums and dads were children,  
It didn't sound too good;  
The toys they had for Christmas  
Were often made of wood!  
How they ever managed  
Without a flashing screen,  
Is something we don't understand,  
It's like our worst bad dream!

**Chorus**      *Gimme, gimme, gimme.....*

# A Silly Christmas Dream

**Chorus**      *(Yes we) Yes we would rather be (rather be)  
At home with our family, (family)  
To laugh and sing and play (sing and play)  
With those we love on Christmas day.  
To pull a cracker or two, (or two)  
And share a present with you, (with you)  
But that's a 'might-have-been', (might-have-been)  
It's just a silly Christmas dream.*

**Verse 1**      It's not how we imagined things would pan out,  
This Christmas won't be something to shout about!  
The beds are so uncomfy  
And the food is cold and lumpy!  
There really can't be any doubt.....

**Chorus**      *(That we) That we would rather be.....*

**Verse 2**      It's not so bad 'cause guess what, on Christmas day  
We get a visit from the hospital DJ!  
And though his jokes are slightly  
Boring, we'll smile politely  
And hope he'll soon be on his way!

**Chorus**      *('Cause we) 'Cause we would rather be.....*

# Please Come Home

**Chorus**      *Please come home for Christmas,  
'Cause it's been too long since you went away.  
And what we really miss is  
Your loving hugs and kisses,  
So please come home,  
Yes please come home for Christmas day.*

**Verse 1**      *It's five in the morning,  
But we've been awake since three!  
We wonder what Santa  
Left beneath the Christmas tree.  
Whatever it is, we would gladly sacrifice,  
If it meant you could be here with us  
So.....*

**Chorus**      *Please come home for Christmas.....*

**Verse 2**      *There's a place at the table  
But we see an empty chair.  
How can it be Christmas  
Without you sitting there?  
Well, all that we have we would gladly sacrifice,  
If it meant you could be here with us  
So.....*

**Chorus**      *Please come home for Christmas.....*

**Instrumental**      *(during which the family pass around the picture of Dad and each have a little waltz with him!)*

**Chorus**      *Please come home for Christmas.....*

# Open Your Hearts

**Verse 1** A light breaking on the horizon  
Is the sign of a brand new dawning day.  
We wait in a suffering silence  
For the fear and the doubt to wash away.  
Where's the childhood we dream of,  
The freedom to laugh without care?  
Is your season of peace and goodwill  
A season you're willing to share with someone?

**Chorus** *Open your hearts, banish the darkness  
And let a little love shine.  
Reach out a hand with understanding  
And break down the walls that divide.  
Stand up as one, together we're strong,  
Let's build a world where we all belong.  
This is the gift we can give  
This Christmas time.*

<b>Verse 2</b>	<b>Part 1</b> This year, Full of hardship and sorrow, Is a year like we've never Known before. We wait For a brighter tomorrow, And we pray that we find An open door.	<b>Part 2</b> We wish you A merry Christmas  And a happy new year. We wish you A merry Christmas  And a happy new year.
----------------	--	---

Where's the childhood we dream of,  
The freedom to laugh without care?  
Is your season of peace and goodwill  
A season you're willing to share with someone?

**Chorus** *Open your hearts.....*

**Repeat Chorus**

# What Matters Most

**Verse 1**      There's been a lesson learned,  
We've a brand new point of view.  
A corner has been turned,  
And we know just what to do.  
Stay true to what this Christmas  
Should be all about,  
And spread the message far and wide.....

**Chorus**      *What matters most  
Isn't what you've got,  
But what you're giving.  
And what you give  
Doesn't have to cost the earth.  
A little time, a helping hand,  
A smile to show you understand  
What a Christmas filled with love  
Is really worth.*

**Verse 2**      There's been a change of heart,  
Now we see things differently.  
For Christmas day we've got  
A new priority:  
Give thanks and be deserving  
Of what we receive,  
And count our blessings, every one.

**Chorus**      *What matters most.....*

**Repeat Chorus x2**
